A CLASSIC OF THE FUTURE

M/Y TRIUMPH, one of the Benetti's latest, timeless masterpieces, is a 65.40 metre fully custom yacht with sleek and clean lines spanning over six decks. The steel displacement hull and the superstructure, made with aluminium, are painted in a classic white with aft in striking black. The external lines were penned by Giorgio M. Cassetta, complementing the naval architecture by Benetti. Green & Mingarelli Design contributed to the interiors, adding to the work done in-house by Benetti. The aggressive streamlined exteriors were designed by Giorgio M. Cassetta notably using large curved windows to balance the yacht’s impressive presence.
