

SVEA

34.1M(111’7") | LEOPARD (ARNO) | 2005 (2023)

SLEEK AND DYNAMIC LINES

SVEA's striking design and elegant contours command attention wherever she sails. SVEA, a 34.11-meter Motor Yacht crafted by Leopard Yachts in Italy and launched in 2005, epitomizes luxury on the water. SVEA is a part of the Leopard 34 Sport line and is built with a teak deck, a GRP hull, and GRP superstructure. With a top speed of 41.0 knots and an impressive cruising range of 300.0 nautical miles powered by three MTU diesel engines, SVEA ensures both speed and endurance. She exudes spaciousness and elegance with a gross tonnage of 184.0 GT and a beam of 7.35 meters. Meticulously maintained and underwent a comprehensive refit in 2023, which included the installation of zero-speed stabilisers and a new paint job, SVEA is presented in immaculate conditions.

WELCOME ON BOARD

Andrea Bacigalupo, responsible for exterior styling and naval architecture, lends his expertise to SVEA. With 139 yacht designs and 197 naval architecture projects under his belt, Bacigalupo's touch ensures beauty and functionality in every detail of SVEA's design. With her intelligently designed layout providing ample social and dining space, SVEA is perfectly suited for families. One of SVEA's standout features lies in her exceptional exterior areas. Offering various alfresco lounging and dining spaces both forward and aft, her unique flybridge boasts an expansive layout complemented by additional sun loungers, setting her apart from comparable yachts within the Leopard 34 range.

INTERIORS

Beyond her exterior, SVEA's interiors, designed by Guido De Groot, are equally comfortable. The spacious main salon provides ample room for social gatherings. Additional windows have been incorporated to enhance natural light penetration. Throughout construction, particular emphasis was placed on lighting, utilizing optic fiber technology and intricate designs to achieve optimal illumination.
