INTERIORS

Inside, ANOTHERONE showcases seamless indoor-outdoor living: large sliding glass doors, full-height windows, and fold-out terraces merge the exterior deck spaces with the salon and interior lounges. The lower deck houses guest cabins and a lounge/gym area, ensuring that the social and private spaces are both elegant and functional. Materials, finishes and layout reflect the contemporary minimalist style associated with StudioLissoni, while the overall architecture by Zuccon gives the yacht a clean, fluid profile. The beach-club area at the stern is especially noteworthy, with fold-down terraces and a large swim platform that doubles as a lounge and access point for tenders and water toys.
