SAAM II

29.50 M (96' 9") | SANLORENZO | 2025

WELCOME ON BOARD

SAAM II is a 2024 Sanlorenzo SL96 designed around volume, usability, and seamless indoor-outdoor living. Her generous beam creates noticeably larger living areas throughout both the main and lower decks, while full-height sliding glass doors connect the salon directly to the aft cockpit for a more open and integrated layout. Wide exterior walkways, expansive deck spaces, and a large swim platform further enhance movement and functionality on board, creating a highly practical platform for modern Mediterranean cruising.

INTERIORS

The interior of SAAM II follows Sanlorenzo’s contemporary design approach, combining clean architectural lines with expansive glazing and a strong focus on liveability. Large sea-view windows bring continuous natural light into the main salon and dining area, enhancing the sense of openness throughout the yacht. Carefully balanced finishes and a practical open-plan layout create social spaces that feel modern, functional, and comfortable during extended time on board.

ACCOMMODATION

SAAM II accommodates up to 10 guests across five cabins, comprising three double cabins, two twin cabins, and an additional pullman bed. The layout is designed to maximise flexibility without compromising privacy or circulation throughout the guest areas. Contemporary en-suite bathrooms, refined finishes, and smart storage solutions further enhance comfort on board, creating guest accommodation well suited to extended cruising.
