

CRANCHI 67

20.80 M (68" 3') | CRANCHI | 2024

WELCOME ON BOARD

The Cranchi Sessantasette 67 introduces a different way of experiencing space on board, where layout and design work together rather than follow convention. Inspired by larger yachts within the range, she brings a sense of scale and structure that feels immediately noticeable.

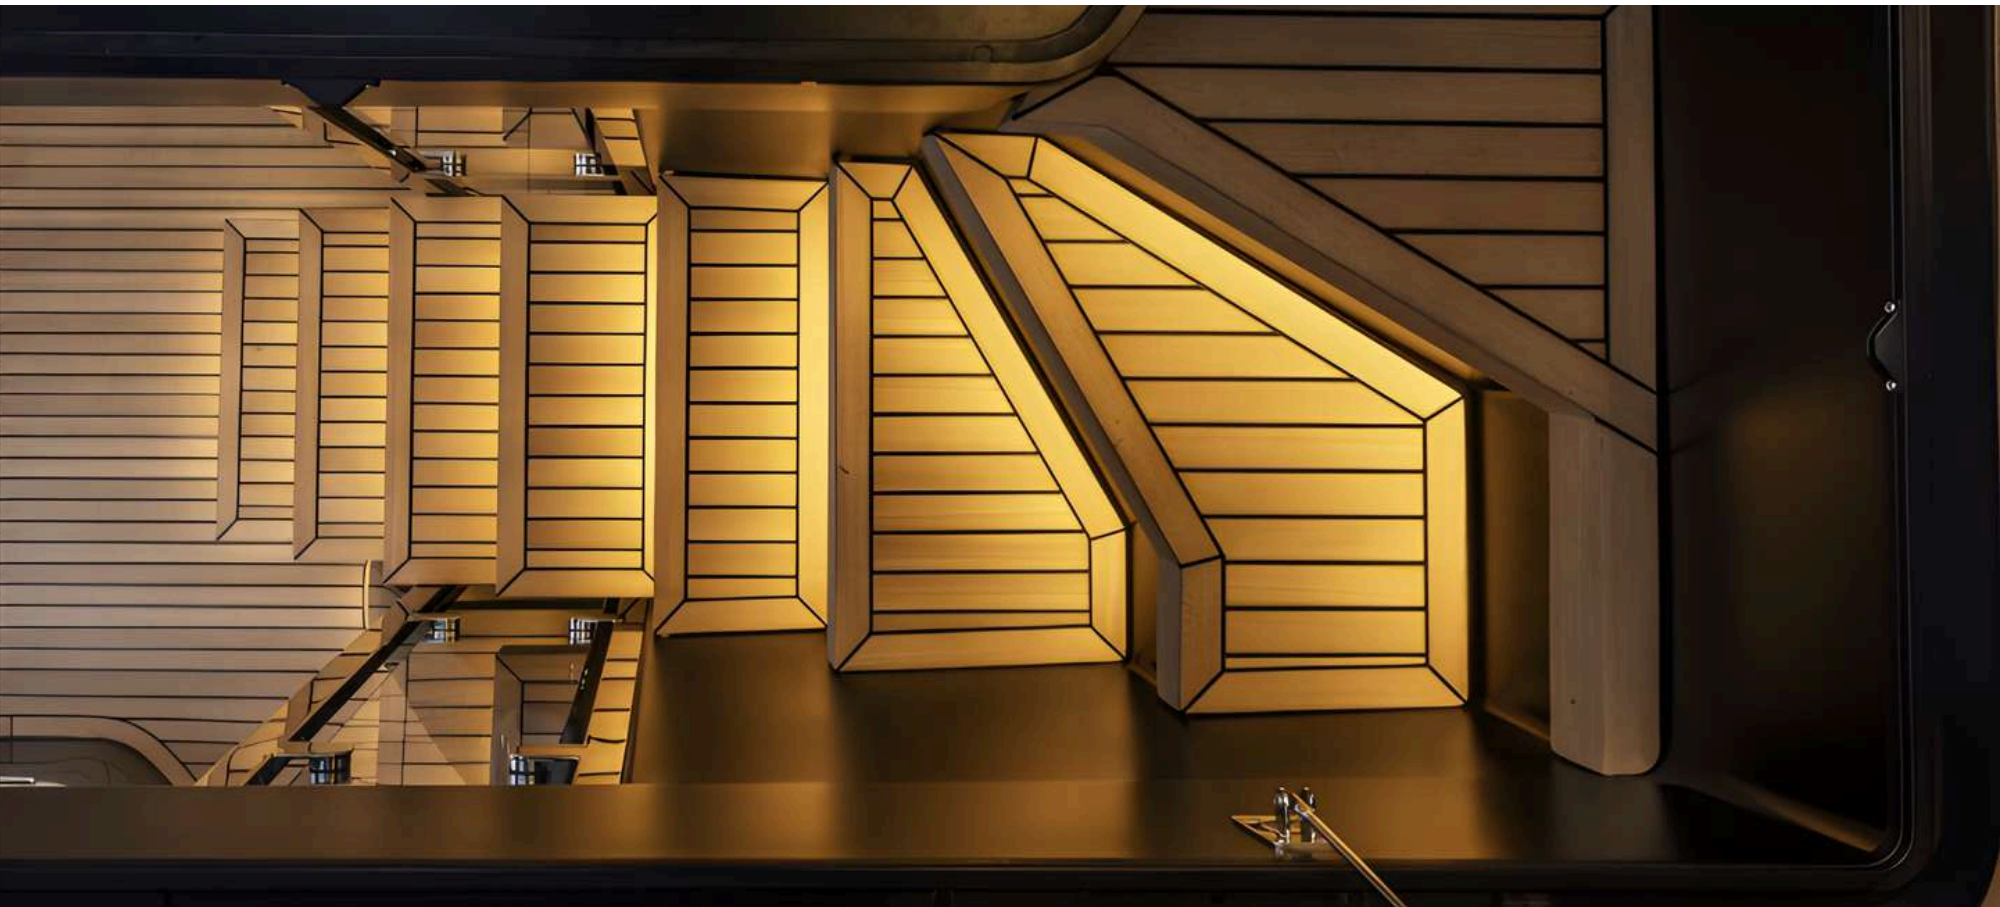

MAIN DECK AFT

MAIN DECK AFT

The exterior areas are arranged across multiple levels, each offering a distinct atmosphere, from the social flybridge to more intimate foredeck and cockpit settings. Movement on board feels natural, with clear pathways and visual connections guiding the experience.

FOREDECK

FOREDECK

Wherever you are, the design continuously frames the surroundings, keeping the sea and horizon present without overwhelming the space.

FLYDECK

FLYDECK

INTERIORS

At the heart of the yacht, the main deck is conceived as a single, flowing living space that brings together lounge, dining, galley, and helm. Rather than relying on fixed divisions, the layout uses subtle architectural elements to define each area while maintaining openness.

MAIN SALON

MAIN SALON

MAIN SALON & DINING

Free-standing furniture and carefully considered materials give the interior a more residential feel, moving away from traditional yacht styling. Light plays a central role, reflecting across surfaces and extending the perception of space.

MAIN SALON & DINING

DINING

DINING

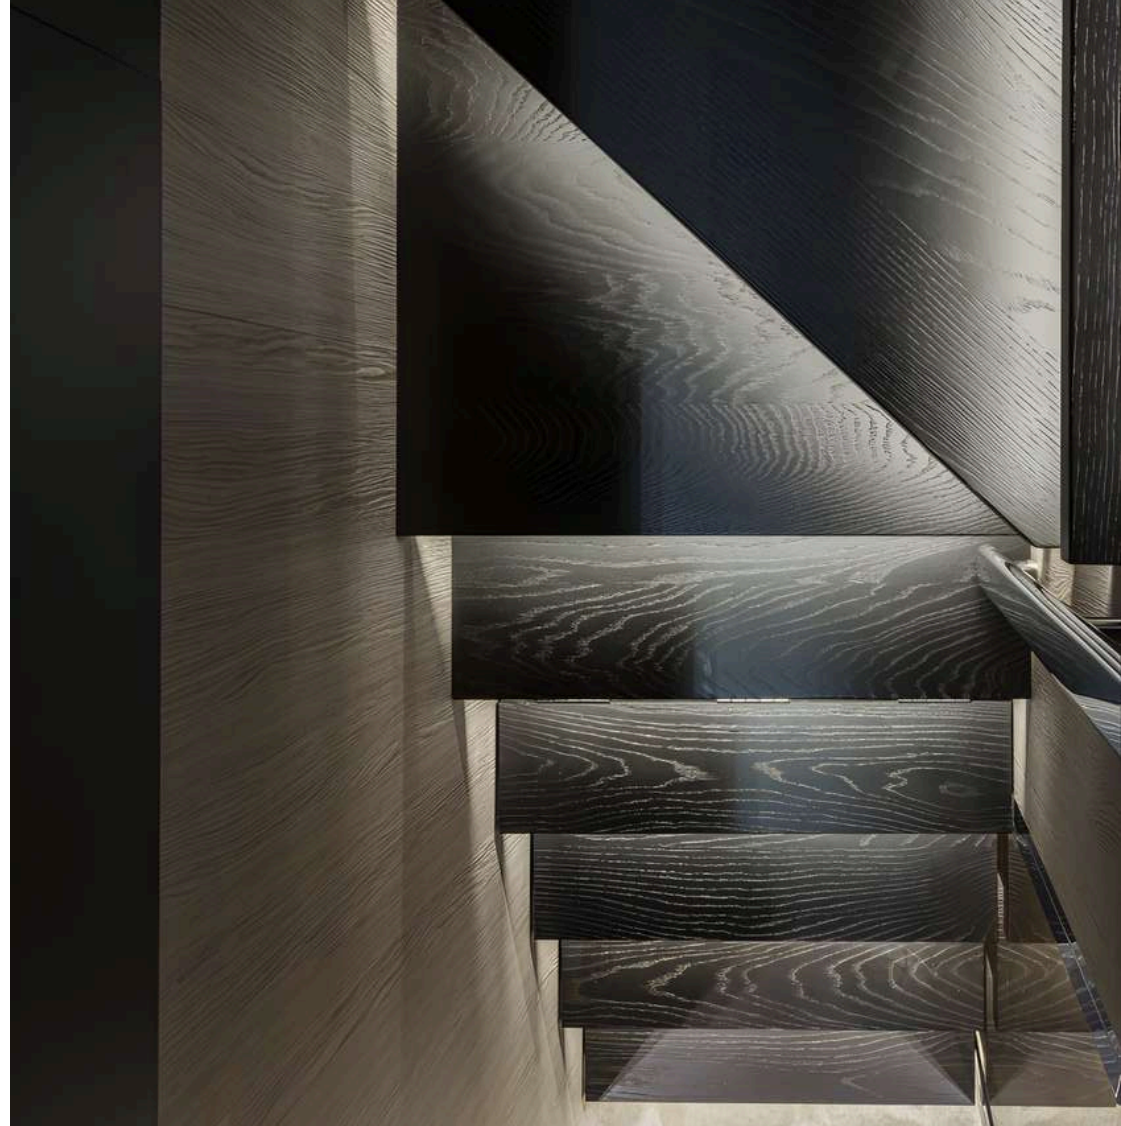

This approach creates an environment that feels structured yet open, allowing each area to function independently while remaining visually connected.

STAIRCASE

ACCOMMODATION

The lower deck continues the same design language, where space is shaped through light, reflections, and carefully controlled transparency. The owner's suite stands out through its visual openness, enhanced by mirrored surfaces and large windows.

MASTER SUITE

Smoked glass subtly separates the different areas of the suite, maintaining privacy while preserving the sense of continuity. This creates a layout that feels more fluid than typical cabin arrangements.
