AIDA

26.71 M (87′7″) |SANLORENZO | 2019

WELCOME ON BOARD

Built by Sanlorenzo in 2019, AIDA is a 26.7 metre SX88 combining contemporary design, versatile outdoor spaces and efficient performance. Her two-level aft deck includes an al fresco dining area and an open beach club with a hydraulic swim platform and water toy storage, complemented by an innovative flybridge. Triple Volvo IPS engines with joystick control offer excellent manoeuvrability and low fuel consumption, while zero-speed stabilisers and a shallow 1.83 metre draft support comfortable coastal cruising. Meticulously maintained, AIDA is ready for her next owner.

INTERIORS

Designed by Lissoni & Partners, AIDA’s bespoke interior follows an open-plan “floating loft” concept. Near floor-to-ceiling windows fill the main deck with natural light, while a floating staircase subtly separates the saloon and dining area. Independent galley access supports efficient service while preserving guest privacy.

ACCOMMODATION

AIDA accommodates up to 10 guests across four cabins, comprising a full-beam Master suite, a VIP cabin and two guest cabins. New carpeting refreshes the Master and VIP, while upgraded accommodation for four crew supports a high standard of service. Meticulously maintained throughout, AIDA is ready for effortless cruising.
