
SPECTRE
17.16M (56') | RIVA | 2018

FSFS2198D

WELCOME ON BOARD

Built in 2018, SPECTRE brings together the unmistakable styling, performance and craftsmanship of the Riva Rivale 56. Her sleek profile, elegant teak decks and thoughtfully arranged living spaces offer a balance of sporty character and everyday comfort. From coastal cruising to weekends at anchor, she offers an appealing introduction to Riva ownership, with the versatility to enjoy time on the water with family and friends.

The deck layout features sunpads at both the bow and stern, alongside cockpit seating and an outdoor dining area. These distinct spaces allow guests to dine, sit together or sunbathe without relying on a single shared area.

FLYBRIDGE

Powered by twin MAN V8 engines delivering 1,200 Hp each, SPECTRE reaches a maximum speed of 35 kn and cruises at 28 kn. Her performance makes it easy to explore the coastline, combining swift passages with the comfort and distinctive style of the Rivale 56.

INTERIORS

SPECTRE’s interior carries the same refined Riva aesthetic as her exterior. Warm wood finishes, contemporary styling and carefully crafted details create an inviting setting, with comfortable living spaces that complement her sporty character. The layout balances style and practicality, providing a welcoming retreat below deck for both day trips and longer stays aboard.

The interior includes a fully equipped galley, air conditioning and a dedicated saloon seating area. Warm wood finishes and carefully integrated cabinetry maintain a consistent Riva aesthetic throughout the spaces below deck.
